

VAS 701 001

Wireless Wheel Alignment System

VERSATILE, ACCURATE HARDWARE

- Approved VAG Aligner for all makes in the VAG group including, but not limited to, Volkswagen®, Audi®, Porsche®, Lamborghini®, Bentley®, Seat® and Skoda®
- Wireless Communication – eliminates connections between the camera towers and the cabinet provides a variety of installation configurations

SPEED AND PRODUCTIVITY

- Continuous third camera calibration provides accurate readings and reliable alignment results
- Automatic Vehicle Height Tracking – the camera system follows the height of the vehicle, eliminating the need to adjust the aligner when you move the lift
- 3D imaging wheel alignment for highly accurate measurements on all VAG vehicles in accordance with manufacturer's specifications
