# THE WORLD'S LOWEST JACK

The 40-4 air hydraulic jack is built for intense commercial use and delivers extremely stable heavy duty lifting over a long lifecycle

# KEY FEATURES

## 40-4 AIR HYDRAULIC JACK

### 1 EXTREMELY LOW AND STABLE

Low and compact with a high-quality air hydraulic unit secures extremely stable heavy duty lifting

### 2 EASY TO OPERATE

Multi position locking handle with ergonomic push-buttons makes it very easy to position and operate

### 3 LONG LIFE CYCLE

Rams with special surface treatment and high quality strength steel frame guarantees a long lifecycle

### 4 OPTIMUM SAFETY

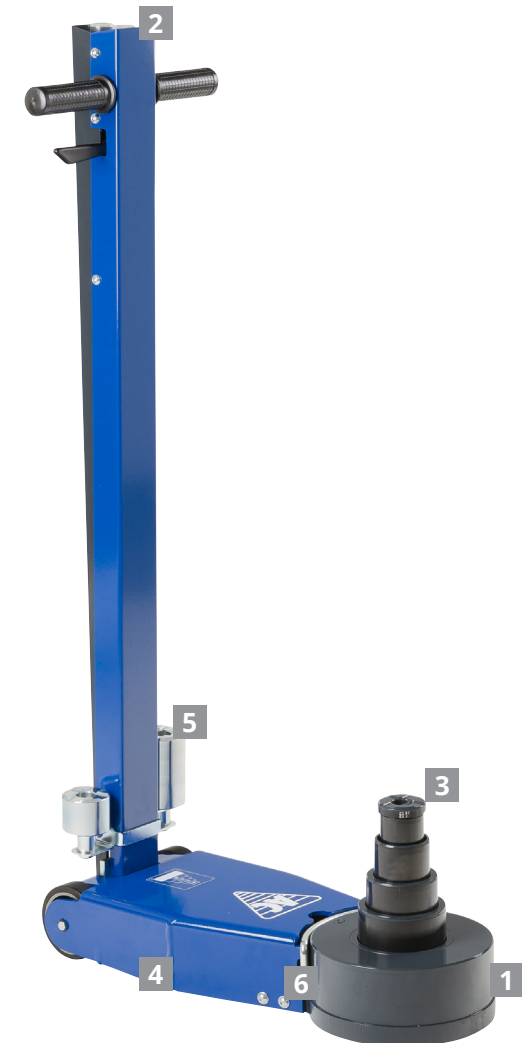

Built-in overload valve and dead man's release for optimum safety whilst lifting and lowering

### 5 2 STANDARD EXTENSIONS INCLUDED

Essential for flexibility. Increases the lifting height by 50 mm or 100 mm

### 6 EASY TO LOAD AND TRANSPORT

Small handle on the frame makes it easy to lift and handle the jack for transport if needed

## OPTIMIZE WITH

10 t

### FW SADDLE

Suitable for lifting under bolts, differential gear etc.

10 t

### FW1 V-SADDLE

Suitable for lifting under various axle profiles

# TECHNICAL DATA

## 40-4 AIR HYDRAULIC JACK

### TECHNICAL DATA

Capacity	40 / 27 / 16 / 10 t
Min. height	100 mm
Max. height	145 / 180 / 230 / 275 mm
Frame length	630 mm
Handle length	1160 mm
Width	235 mm
Width (with wheels)	255 mm
Air supply	6 - 10 bar
Air consumption	215 l/min
Weight	54 kg

# FOR INTENSE COMMERCIAL USE

## 40-4 AIR HYDRAULIC JACK

### PERFECT FOR EVEN THE LOWEST VEHICLES

The 40-4 is built for intense commercial use and delivers extremely stable heavy duty lifting. The compact and short chassis makes it perfect for even the lowest vehicles.

### MADE IN DENMARK

Like all our products the 40-4 is designed and made in Denmark to the highest quality standards to guarantee efficient and safe operation over a long lifecycle.

### LONG AND EXTENDED WARRANTY

All our products are covered by a 10-year warranty on frame, chassis, and steel structures as well as a 3-year warranty on the hydraulic system (pump and cylinder).
